PERFORMANCE NOTES

TIMPANI

GLISSANDO ROLL

Rolled glissando to an undefined pitch.

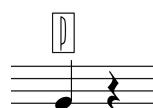

PERCUSSION

TRIANGLE

Triangle should sound as close to G natural as possible.

Any beater that produces a delicate sounding (perhaps slightly dampened) note as opposed to extremely bright.

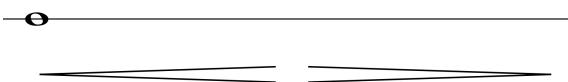

CROTALES

Bowed note should not ring excessively beyond written note value.

BASS DRUM

gently, not too much friction or momentum

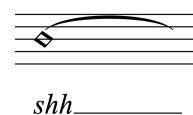

Superball mallet soft – ideally rubberhead 34mm, fiberglass shaft 3mm.

Desired effect is a texture that is not too invasive but remains audible

SATB CHOIR

'shh'

Desired effect is a rushing texture blended with the orchestra, a harsh burst of sound as if hushing someone.

Kindness

- that silent friend who listens before pulling you away.

A portal the colour of all things constant –
grass, sky, sunshine.

All things good: trees, rain, ocean.

That act of magic, holds us together
with nothing but fingertips.

Ask the cracked land how kindness sounds
in these times of rains that have not come.

In this drought of empathy,
kindness emerges, crystal clear.

In the solidarity of a protest march,
the gentle touch in a strangers' eyes.

Kindness – a bridge across chasms,
for the land that holds you each day.
